 Nationality: UK

EDUCATION

University of Edinburgh

PhD Informatics [iCASE Studentship funded by Costain]

Edinburgh, UK

(expected) December 2021

Imperial College London

MSc Computing (Visual Information Processing)

London, UK

August 2016

University of Manchester

MSc Applied Mathematics with Numerical Analysis [dissertation funded by NAG]

Manchester, UK

August 2015

University of Sheffield

BSc Mathematics

Sheffield, UK

August 2012

EXPERIENCE

University of Edinburgh

Lab demonstrator

Edinburgh UK

January 2019 — June 2020

- Provided expertise in a supervisory role, for the course System Design Project (SDP), on human-robot interaction, usability testing, and interfaces.
- Role additionally involved marking assignments, ongoing student and group assessment, and bi-weekly demonstration assessment.

The Numerical Algorithms Group (NAG)

Numerical software developer intern

Manchester, UK

June 2014 — October 2014

- Analyzed and implemented the routine G02ANF in FORTRAN that computes a correlation matrix, subject to preserving a leading principle submatrix by applying the smallest uniform perturbation of the remainder of the approximate input matrix.
- Routine included in the Mark 25 NAG Library and NAG Toolbox for MATLAB.
- Acknowledged as a code contributor to the NAG Library.

University of Manchester

Research intern

Manchester, UK

May 2014 — October 2014

- Implemented a method in Python that computes a unit triangular matrix with prescribed singular values.
- Project in collaboration with Professor Nicholas J. Higham, FRS.

Ryanair

Engineer intern

Stansted Airport, UK

May 2014 — October 2014

- Assisted maintenance checks and repairs on Boeing 737-800 aircraft.

Leisure connection

Duty manager and lifeguard

Essex, UK

May 2007 — August 2014

- Duty manager and lifeguard role at two leisure centres in Essex (Mountfitchet Romeera Leisure Centre, Stansted Mountfitchet, and Lord Butler Leisure Centre, Saffron Walden).
- Pool/gym safety, money handling, and sales (e.g., promoting facilities, signing-up new members) responsibilities.
- Monthly booster-training in first-aid and pool-side rescue throughout role.

TECHNICAL SKILLS

- **Programming:** most fluent in Python, then MATLAB and FORTRAN, some experience in C++, Lisp, and Lua.
- **Hardware:** experience using KUKA LWR Arm, Clearpath Husky UGV, and Universal Robot 5 (UR5) Arm.
- **Operating systems:** most experienced using Ubuntu and Mac OS, some experience using Windows.
- **Libraries:** ROS, CasADi, SNOPT, IPOPT, LAPACK, Matplotlib, Numpy, Scipy, Pandas, PyBullet, OpenAI Gym, Scikit-learn, NAG Library, OpenCV.
- **Other skills:** \LaTeX , Git, Emacs, Vim, V-REP.

PROJECTS

- **ROS-PyBullet Interface** (*currently private, release planned in next several months*): full physics simulation of a robot and environment in PyBullet, interfaced with ROS.
 - Written in Python within a ROS catkin package.
 - I am the lead developer alongside other core contributors from the SLMC Group at University of Edinburgh.
- **EXOTica:** an extensible tool-set for inverse kinematics, trajectory optimization, and optimal control with a design advocating modularity, extensibility, and integration with ROS.
 - Written in C++ with bindings for Python.
 - My contributions: several task maps, and modifications/additions/bug-fixes to the core functionality, and Python bindings; and a facility for interactive cost function tuning.

RESPONSIBILITIES

- Reviewer: ICRA, CASE.
- Vice President for SIAM Student Chapter, University of Manchester, Sept 2014 — Sept 2015.
- Session chair, SIAM Student Chapter Conference, 2014.
- Program Representative for MSc Group, University of Manchester, Sept 2014 — Sept 2015.
- School of Mathematics Board Member, University of Manchester, Sept 2014 — Sept 2015.
- Team Captain for University of Sheffield Badminton Club, University of Sheffield, Sept 2010 — Sept 2012.

ADDITIONAL

- Professional qualifications: First aid at work (St. Johns Ambulance, UK), National Pool Lifeguard Qualification (Royal Life Saving Society, UK).
- Personal interests: Badminton, Guitar.
